

PRE-QUALIFICATION CIRCULAR NO. 05

To : All Applicants

Total Pages : 2

Date : 24 December 2015

PROJECT : Pre-Qualification for Approved Drainage CCTV Survey Contractors

SUBJECT : Scope Clarifications # [03]

Applicants are hereby informed of the following scope clarifications to the Tender Documents for the above Project:

Scope Clarifications

No	PQ Query	Answer
1.	<p>The bidding document specifies that the make and model number for CCTV camera shall be only one supplier i.e. IBAK - IKAS 32 including the supply of their software.</p> <p>We approached this vendor overseas and also their representative in Qatar, however they regret to quote. Since only one make is specified leading to monopolistic scenario, we are not in a position to obtain the technical details and quotation for this item.</p> <p>Since this forms the major part of the scope of work of this package, request to clarify if we can use other equivalent makes for this item with software and the names to enable us to bid.</p>	<p>For the foreseeable future there will be no alternative accepted other than the stated requirement of using IBAK - IKAS 32 software</p>

All other conditions remain unchanged.

This circular shall be included in the submitted PQ document and will be deemed to form part of and allowed for in your PQ submission.
