		or XXX, Ltd is required to be part of the Joint Venture Agreement. Alternatively clarify what is the acceptable documentation required for the submission of this prequalification utilizing XXX, Ltd information.	
53	Subcontractors	With regards to section I, E, 24.1, page 9 of the prequalification for specialist subcontractors: Our Company intends to represent and to be supported in the State of Qatar from manufacturers with specific hardware and software that are highly integrated with XXX ITS system and overall solution. What are the documents required in this case?	Refer to Application Submission Sheet item (e).
54	Bonding Capacity	With regards to Section III, C, 5.f page 26: Please clarify the nature of the bonding referred to. In our experience all contracts in the State of Qatar include only Performance and Advance payment Guarantee bonds that do not amount to 100% of the contract price.	This requirement has been withdrawn. See Clarification No 23 in Prequalification Circular No 3.
55	Bonding Capacity	With Regards to section III, C, 5.f page 26: Please advise estimated contract price as it is unlikely that any bank will issue a letter for provision of bonds without knowledge of the exact contract price.	Refer to answer to query # 54 above.

All other information and conditions remain unchanged.

This circular shall be included in the submitted prequalification document and will be deemed to form part of and allowed for in your Prequalification submission.

Regards,
